

Falköping May 22, 2022

Dear Prime Minister,

**We, Headway Africa, with partners, write to you to express our deep concerns of the decision to dramatically cut Sweden's official development assistance.**

The war in Ukraine has underlined how severely vulnerable groups are affected in times of crisis. Already enduring the economic effects of the Covid-19 pandemic and the climate crisis, people in poverty are now suffering from skyrocketing food prices.

The Secretary-General of the UN warns that 1,7 billion people – one fifth of the world's population– are at risk of hunger and poverty. The world is in the worst humanitarian situation since World War II. Nearly half of humanity lives in the danger zone of climate crisis.

We, and our project partners in Zimbabwe and Zambia projects in Africa bear witness of the UN reports. With this in mind, the historic and tragic decision to cut the development assistance will impact us in unprecedented ways. For us, the cut has drastic implications/effects.

- Development of methods for strengthen of parents with children with disabilities
- Training and planning for income generating activities
- Organisation of methods for adult education and training in general

Dear Magdalena, as Sweden's prime minister and leader of your government, we know you are a strong believer in international solidarity. We can't thank you enough for the support your country has given in the past.

We now encourage you to stand with us in these desperate times and re-evaluate the decision to cut development assistance, to make sure that the consequences of the war in Ukraine and the climate crisis will be as limited as possible.

Show your full support to civil society organisations and people in poverty that we support. Your financial support is needed more than ever. It is a long-term investment in a more sustainable and just world.

We look forward to your reply.

For our partner organisations: ZPHCA (Zimbabwe Parents of Disabled Children in Zimbabwe) and ZAPCD Zambia Association of Parents for Children with Disabilities).
